Please bring a copy of your insurance card. PHDMC will bill all commercial insurances as well as Medicare part B and Medicaid. There is no co-pay for influenza vaccines. For self-pay patients the influenza vaccine is \$20.00, High-Dose \$31.00. The fee for all flu vaccine is based on ability to pay. The fee can be adjusted down to \$0 based on income.

This year in addition to the injectable influenza vaccine, we will also be offering FluMist vaccine to healthy individuals 18-49 years of age, intradermal influenza vaccine for persons 18-64 years of age and High-Dose influenza vaccine for persons 65 years of age and older. All three vaccines are preservative free. The strains contained in this year's vaccine are A/California/7/2009 (H1N1)-like virus, A/Perth/16/2009 (H3N2)-like virus, B/Brisbane 60/2008-like antigens.
